Uniform and Concert Attire

The goal for having a uniform is to have students dress neatly and uniformly. Students are expected to wear the uniform in the way it is intended to be worn. Uniforms should be neat and not rumpled; no holes in the pants nor in the elbows of the shirts. All shirts other than the banded polo shirts should be tucked in. Uniform regulations apply from the time the student arrives on campus until he/she leaves campus, unless otherwise excused. This means that students cannot wear other clothes to school and change at school, nor change into other clothes after school. See the Trinity School parent and student handbooks for details.
